- Mobile home parks
- Camp grounds, Hunting lodges,
- Ski resorts, Hotels, Houses
- Hospitals, Schools, Nursing Homes,
- Community Centers, Sports Clubs
- Offices, cottages, farms
- Public buildings
- Mobile units, boats

DOMESTIC UV STERILIZER UNIT

Max. flow rate	300 l / h
Feed connection	3/8 "
Max. working temperature	40°C
Overall dimensions	15x34x40 cm
Total weight	4 kg
Litre counter with delivery shut-off	(A)
Delivery tap	(B)
Filtration group	
Coiled wire cartridge	(C)
Activated carbon cartridge (*)	(D)
Sterilization group	
Sterilizer mod.EC0-05	(E)

Data valid at T = 20°C and transmittance of 99% in 1 cm cell at 254 nm.
