

## ROAD MILLING

### WEDGE LOCK QUICK-CHANGE SYSTEM

- Interchangeable tool holders can achieve spacing of 5mm/7.5mm/15mm to meet any milling, fine milling or micro milling specification
- The only drum system on the market that is designed to last the life of the machine, no costly rebuilds required
- Custom tailor the drum's spacing to increase or decrease the gradation of the RAP, on a job to job basis
- Change bits faster with easy access to the tool from the back of the holder
- Continuous wrap design provides superior strength
