COMPACTION

GPX SERIES

Economical single direction vibratory plates
Optional: Water / Wheel / Mat Kit available

MODEL	GP12	GP15	GP18
PLATE WIDTH	32cm (13")	40cm (16")	46cm (18")
WEIGHT	60kg	64kg	74kg

GP STANDARDS

Economical single direction vibratory plates
Optional: Water / Wheel / Mat Kit available

MODEL	GP1400	GP1600
PLATE WIDTH	35cm (14")	40cm (16")
WEIGHT	60kg	64kg

GP MID SIZED

Hard hitting single direction vibratory plates
Optional: Water / Wheel / Mat Kit available

MODEL	GP2000	GP3550	GPS800
PLATE WIDTH	51cm (20")	54cm (21")	59cm (23")
WEIGHT	75kg	103kg	131kg

GPR44

Small reversible vibratory plate, Integral wheel kit and Honda GX160 Engine

MODEL	GPR44
PLATE WIDTH	35cm (14")
WEIGHT	80kg

GPR57

Small reversible vibratory plate, with diesel Yanmar L70 engine, Integral wheel kit

MODEL	GPR57
PLATE WIDTH	43cm (17")
WEIGHT	180kg

GPR65 / 68

Mid-sized reversible vibratory plates
Heavy duty mechanical shifting mechanism
Available with Petrol / Diesel engine

MODEL	GPR65	GPR68
PLATE WIDTH	38cm (15")	46cm (18")
WEIGHT	148kg	150kg

R422

Highly productive percussion rammer
Suitable for compaction in confined areas
Available with GX100 / GX120 engine

MODEL	R422
WIDTH	33cm (13")
WEIGHT	66kg

R442

Highly productive percussion rammer
Suitable for compaction in confined areas

MODEL	R442
WIDTH	33cm (13")
WEIGHT	68kg

R482 SERIES

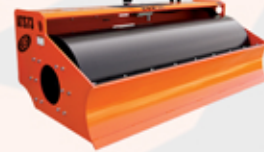

Highly productive percussion rammer
Suitable for compaction in confined areas
Available with a choice of Honda or Robin engines

MODEL	R482 11"	R482 13"
WIDTH	28cm (11")	33cm (13")
WEIGHT	72kg	75kg

ATS73 / ATS84

Compaction attachments for skid-steer loaders

MODEL	ATS73	ATS84
WIDTH	185cm (73")	213cm (84")
WEIGHT	880kg	1025kg

MVW11

Flat top quick attachment
Attaches to excavators to create uniform compaction results

MODEL	MVW11
WIDTH	28cm (11")
WEIGHT	299kg

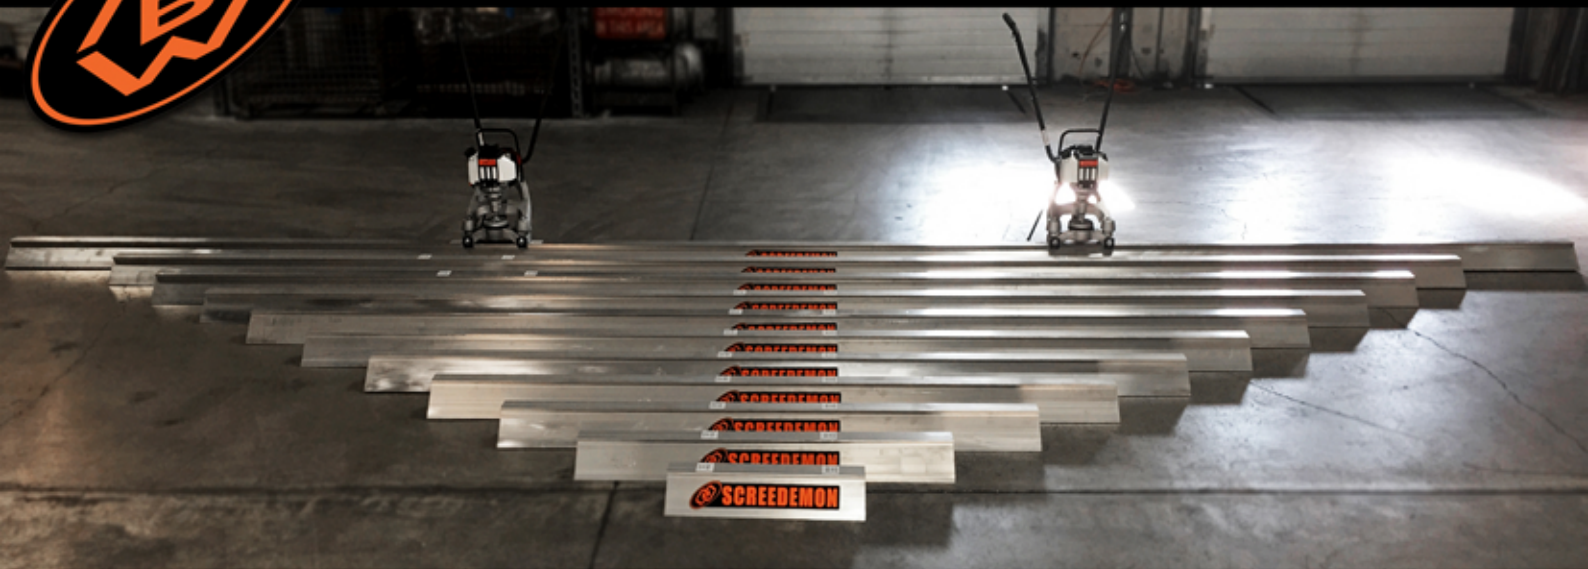

UVW

Padded drum wheel attachment producing 10,000 lbs (4536 kg) of centrifugal force
Available as; Vibratory wheel or Static wheel

MODEL	UVW24 (S)	UVW36 (S)	UVW24 (V)	UVW36 (V)
WIDTH	61cm (24")	92cm (36")	61cm (24")	92cm (36")
WEIGHT	620kg	793kg	1082kg	1283kg

EDGER TROWEL

Speciality finishing power trowel, perfect for edging in the tightest spaces. Available in 24" or 30". (24" available in Electric)

MODEL	F24	F30
WIDTH	61cm (24")	76cm (30")
WEIGHT	70kg	84kg

HP30 / HP36

Economical pedestrian walk-behind wizard trowel available with folding handle (36" available in Electric)

MODEL	HP36	HP30
WIDTH	91cm (36")	75cm (30")
WEIGHT	78kg	70kg

F36 / F46

Walk-behind professional series power trowels. Available in high speed

MODEL	F36	F46
WIDTH	95cm (37.5")	121cm (47.6")
WEIGHT	83kg	112kg

LOW-RIDERS

3 Sizes and 5 distinctly different models

MODEL	MK8-75	MK8-90*	MK8-120*
WIDTH	161cm (63")	194cm (76")	254cm (100")
WEIGHT	209kg	297kg	365kg

*Available with Hydraulic steering

HI-RIDERS

High performance floating and finishing machines with easy blade change

MODEL	F90*	F120*
WIDTH	187cm (74")	254cm (100")
WEIGHT	410kg	490kg

*Available with Hydraulic steering

PANS & BLADES

An extensive range of high quality and long lasting pans and blades, suitable for all of MBW's power trowels and most other makes. Large quantity of stock available

HAND TAMP

Aluminium hand tamps are available in lengths up to 8m. A simple and economical solution to manually tamping freshly laid concrete.

*Available with short or long handles

WIZARD SCREED

Petrol driven, walk-behind screed and levelling device to create a smooth aggregate free finish on concrete (13kg)

*Available blade lengths ranging from 8ft (2.4m) to 16ft (4.9m)

SCREEDEMON

Extra rigid, double triangular, magnesium walk-behind concrete screed (13kg)

Petrol driven with a Honda engine

Hand/arm vibration is 50 to 90% lower than competitive screeds

*Available beam lengths up to 20ft (6.1m)

BLITZSCREED

State-of-the art Vibratory Truss screed. The Blitzscreed is available in engine driven or pneumatic models with hand or hydraulic winch options (mechanical only)

*Available in section lengths of: 8ft (2.5m), 4ft (1.3m) and 2ft (0.7m)

BMS

Barrel Mounted Sprayers mix and spray water based curing and sealing compounds for concrete applications

MODEL	BMS74	BMS95
SOLID CONTENT	25%	35%
WEIGHT	43kg	52kg

PAVER

The MBW Paver slip forms curb, curb & gutter and similar profiles with a level of quality that rivals larger pavers. Purchase cost is a fraction of large pavers and the maintenance is low

CONCRETE

PORTAVIBE

The lightweight Porta-Vibe concrete poker provides the solution to vibrating your concrete with an easy to use portable unit
*Complete with 44mm Poker head

BACK PACK

The Backpack poker consists of a portable vibrator, powered by a petrol motor which is mounted in a metal frame
*Available with 48mm poker head and a 2m or 3m flexible shaft

AVMU

Universal, single-phase, portable electric vibrator
*Poker head available in sizes: 25/38/48 & 58mm
*Complete with 3m flexible shaft

HI FREQUENCY

Portable high frequency concrete vibrator with electronic converter. Very high powered concrete vibrator to optimise the performance of the poker
*Poker head available in sizes 35, 50 and 60mm, with a 5/7m flexible shaft

PDU

For applications such as slabs, footings, stairways and footpaths, the PDU provides the solution to vibrating your concrete with an easy to use portable unit
Complete with 50mm poker head and 6m flexible shaft
Other options available upon request

PADDLE MIXERS

Lower maintenance & longer life, Heavy duty Forced action paddle mixers Available with a Honda or Yanmar Engine

MODEL	MM60	MM80	MM90	*MM120
BATCH CAPACITY	0.17m ³ 1.5-2 bags	0.23m ³ 2.5-3 bags	0.26m ³ 3-3.5 bags	0.34m ³ 3.5-4.5 bags
WEIGHT	295kg	324kg	331kg	447kg

*MM120 Available with optional hydraulic drive

BIG BLUE

Created to achieve an excellent surface finish. All units supplied with pitch adjusting knucklehead and 3 x 2m poles
Available in sizes: 24"(600mm) 48"(1200mm) 60"(1500mm) 72"(1800mm)

MAG BULL

Created to further flatten the concrete and improve any imperfections
All units supplied with pitch adjusting knucklehead and 3 x 2m poles
Available in sizes: 36"(900mm) 48"(1200mm) 60"(1500mm)

FRESNO

Complete with brackets and a choice of broom (medium, coarse & steel wire)
All units are supplied with pitch adjusting knucklehead and 3 x 2m poles
Available in sizes: 36"(900mm) 48"(1200mm) 60"(1500mm)

CHANNEL RADIUS

The length and depth of the channel radius float make it perfect for going over concrete after screeding
The channel radius has a rounded end for floating and a sharp back edge for cutting
*Available up to 120" / 10FT / 3050mm

PLACERS

- Placers available in steel or aluminium and are 20" in width (508mm)
- Aluminium Rakes complete with wooden poles
- Lightweight Spazzles weighing around 1kg
- Footing spazzles 12"(305mm) complete with comfy grip handle perfect for all footings and foundations

MIXERS

These Mixers are designed to mix a full barrow load of concrete or mortar, they're robust and feature an extra thick drum with quick mix paddles and a heavy-duty sealed cast gearbox for longer life
*Available with various engines or motors
