

FACTSHEET - SPUD LEG SYSTEMS

Characteristics stabilizing spud leg system with hydraulic cylinders

	Diameter (mm)	Length (m)
SP6	609	Sections of 12, 24 and < meter or variable
SP7	762	Sections of 12, 24 and < meter or variable
SP9	914	Sections of 12, 24 and < meter or variable

Characteristics stabilizing spud leg system with winch

	Diameter (mm)	Length (m)
SPW6	609	Sections of 12, 24 and < meter or variable
SPW7	762	Sections of 12, 24 and < meter or variable
SPW9	914	Sections of 12, 24 and < meter or variable

FACTSHEET - SPUD LEG SYSTEMS

Characteristics free fall spud leg system with optional jacking system

	Diameter (mm)	Length (m)
FSP3	320	7 m up to 15 m

Characteristics free fall spud leg system with optional jacking system

	Diameter (mm)	Length (m)
FSP6	609	Sections of 12, 24 and < meter or variable
FSP7	762	Sections of 12, 24 and < meter or variable
FSP9	914	Sections of 12, 24 and < meter or variable
