PathPro™ RCS Cab System

PathPro RCS Cab System

FEATURES:

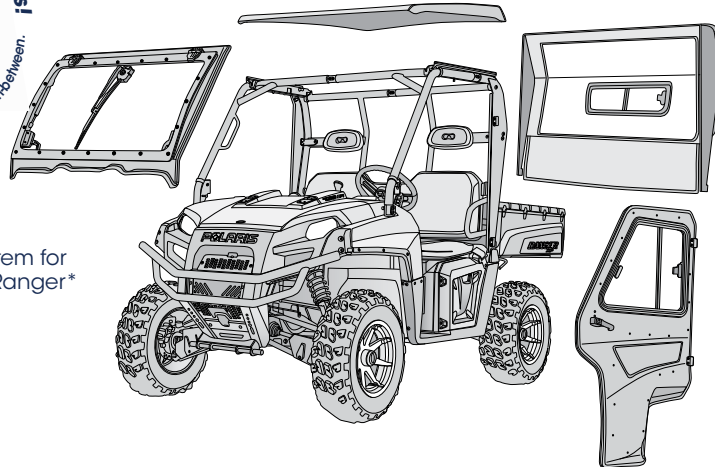

- Fully functional, weather-tight solid cab enclosure
- Two windshield options:
 - *Hard Coat Polycarbonate* - opens fully or
 - *Laminated Safety Glass* - partially vents
- Strong TPO body panels (Not ABS) provide durability, regardless of temperature
- Rapid Convertible System (RCS) provides optimal weather protection and removes easily for open ride
- Modular design allows operator flexibility to use any one component or entire cab, depending on the application
- Easy initial installation - under 2 hours!
- Full window sliders in doors, venting slider in rear panel
- Best full feature cab enclosure technology in the industry
