Transform
Your Teryx in
60 Seconds!

Curtis PathPro™ RCS Part# 1KWTX75B

- Modular design allows RCS to be completely removed in 60 seconds w/out tools or use individual components
- RCS use thermoformed TPO (not ABS plastic or fiberglass) on all body panels
- Specially treated, Hard-Coat Polycarbonate Windshield allows optional wiper use
- Windshield vents or can ride wide-open
- Side doors quickly convert to 1/2 doors w/out tools
- **Red** Teryx cab available for a limited time, Part #1KWTX75R
- **Black** Teryx cab also available without doors, Part # 1KWTX75BND
- Made In The U.S.A.

Introducing the New PathPro RCS cab enclosure system for the 2010/11 Kawasaki Teryx 750. Made from durable high-tech materials, this enclosure will transform your Teryx in 60 Seconds!
