

Technical Specification Sheet

Crane Mounted Scrubber ^(SCRUB1)

This diesel particulate filter helps address the hazards posed by diesel engines operating in enclosed and confined spaces where air circulation is poor.

This compact scrubber is designed for use with diesel engine vehicles and other diesel engine machinery. It includes an LED signal lamp and buzzer which provides a visual and acoustic indication that a filter requires replacing.

Key Features

- Up to 99% reduction of particulate matter emissions
- Designed for diesel engines up to 35kW (50HP)
- Maximum exhaust volume of up to 460 cubic metres per hour
- Dimensions: 440mm (l) x 250mm (d) x 275mm (h)
- Weight: 16.5kg (complete with filter)
- Fully VERT approved
- Ref: SCRUB1
