

Technical Specification Sheet

## MRT4 Fork Lift Adaptor <sup>(VOB320FL)</sup>

This fork lift adaptor is designed to work with the popular MRT4 vacuum lifter, resulting in a practical glazing device that enables fitting from a horizontal to vertical position.

The bestselling vacuum lifter can be securely attached to a fork lift or telehandler to handle loads up to 320kg.

### Features

- 1270mm reach from fork stops to pad face for forks less than 1050mm long
- Accepts forks 38-57mm thick and 102-152mm wide
- Weight without extension arms: 65kg
- Vacuum lifters hired/sold separately
