

SCORPIO

CONIC TRAYS ERECTING MACHINE

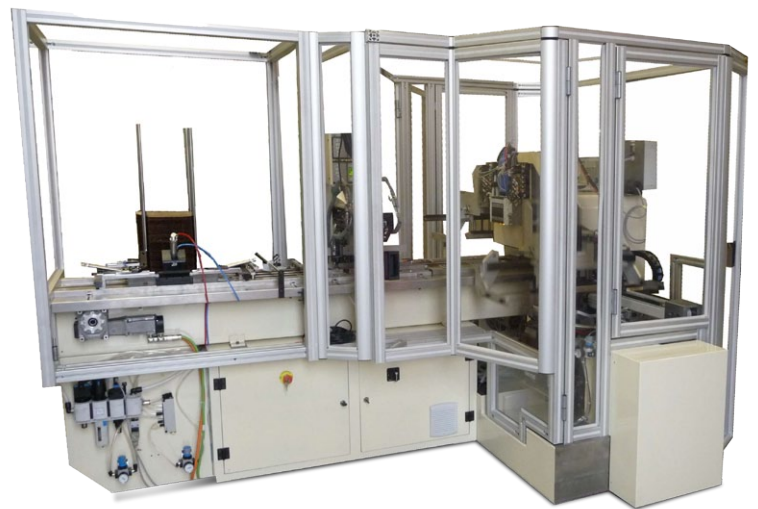

from 20 to 40 trays / min

 Made in FRANCE

«SCORPIO, high speed carton conic tray erecting machine»

- Fully automatic SCORPIO machine is dedicated to the manufacturing of carton conic trays for bakery, pastry, ready meals and frozen food applications.
- SCORPIO produces erected and glued trays from flat blanks, including reinforcement walls on long sides and folded flaps on short sides. Cold glue is used so that folded tray may suit with freezer, micro-waves and traditional oven use.
- SCORPIO can produce up to 40 trays / min (depending on cardboard quality). Workable materials can be compact and corrugated board (E/F/N flute).

TECHNICAL SPECIFICATIONS

Toolings	Variable shapes and dimensions interchangeable with fast set changing
Dimensions of tray base	minimum : 50 x 150 mm maximum : 105 x 210 mm
Weight	5 tons
Electrical consumption	12 kWh
